

Turkey Has Consented to the Demands of England, Russia and France.

[BY CABLE TO THE HERALD.]

LONDON, Dec. 23, 1894.—It is reported from Constantinople that the Porte has agreed to the instructions given by the British, Russian and French ambassadors to their delegates to Armenia, and has directed the commission of inquiry to help the foreign agents accompanying it. The delegates are empowered to suggest questions and take part in the oral examination. Abdullah Pacha, who was sent out with the commission, has been recalled. Two officials from the Ministry of Justice will replace him. The Standard's Constantinople correspondent says:—

"It is regretted that Abdullah Pacha has been recalled. He is remarkably independent and high minded. His presence to a great extent guaranteed the Porte's sincerity in the inquiry. He got into trouble at the Yildiz Kiosk before starting by avowing his intention to tell the truth. The inquiry will be confined to the Sassoun district. It is reported that there are fresh troubles in the Broussa district, where a number of Armenians have been imprisoned."

THE TURKISH LEGATION RECEIVES ANOTHER OFFICIAL DENIAL.

The Turkish Legation in Washington, in regard to recently reported outrages, has received the following official telegram:—"It has also been published that the Archbishop of Marush was imprisoned at Alep (usually called Aleppo); that the Bishop of Hadjlz, the Archbishop of Zieatoun and Father Garask, of Maresh, were condemned to death; that Sister Elizabeth and twenty-five other prisoners were under arrest and that fifteen leading men of Alep (Aleppo) were sent to prison. All these assertions are without the least foundation in fact. Nor is it true that the church in Beylan was closed, as it has also been falsely said."
